Hickstead Son Tops Licensing Tour

It was a two year old son of the now legendary Hickstead that led the way during the 2013 National Inspection Tour that took place the first week of September with stops in Saskatchewan, Alberta and finishing in Quebec. The quality of horses presented was outstanding.

Expectations were high for Gallup WF (Hickstead x Rosalie) when he was presented at the Alberta Chapter inspection held at Horse In Hand Stable near Blackfalds, Alberta. Bred by Bruce and Sharon Telford of Woodlawn Farms, Tofield AB and owned by the Gallup Syndicate, he received a score of 8.3, exhibiting a powerful elastic trot as well as jumping talent. He did not disappoint. Already almost as tall as his famous father, this is a young horse that we can look forward to watching develop over the next few years. A very happy Shauna Cook, who handles the stallion for the syndicate enthused "You fall in love with Gallup WF as a stallion on his own merit. He has presence, movement, athleticism and is very correct."

Guest judge Burkhard Neimann-Laue from Germany commented that he was "an ideal stallion for the modern Canadian breeding program". Burkhard an active competitor, trainer, instructor and judge from the Hanoverian breeding region of Lower Saxony, was most enthusiastic

and encouraging and impressed with the quality of horses presented and said, "You have the horses, now you must develop them using young riders the way we do it in Germany".

In all nine quality stallions were presented and in an unprecedented result all were licensed.

Top mare on the National Tour, was Rivercross Crystal (AKA Biene) by Cardento x Tieni, owned by Rivercross Farm/ Sally Harrington of Quebec. A total of 13 mares vied for the title, with many receiving premium scores. The jumping talent in this mare pool

is exceptional reflecting the careful breeding choices that have been made by our breeders. We can only look forward with anticipation to their talented foal crop as these mares enter the breeding herd.

This was the year of pairs - three presenters each had two stallions approved, and two stallions had two sons approved - Beaulieu's Conquest and Whirlwind II. Quebec inspections marked the tenth anniversary of the inspections being held at Ferme Beaulieu near St Justine de Newton. Owned and operated by Carlo Zimmer who surprised everyone with a birthday cake complete with flaming candles.
